- Episode 1 & 2 of the Maternity Pathway Film Series were released on the 7th and 10th of September consecutively. So far we have had collectively nearly 1500 views which is great!!
- New Films; (in script and initial filming stages)
 1. Neonatal Walk through
 2. Homebirths/Water births
 3. Postnatal Discharge
- The draft formats of '**My Vision, My Choice, My Pregnancy Leaflet**' and '**My Birth, My Choice, My Journey**' Booklet have been presented to the LMNS on 24th September and have received really positive feedback.
- It has been agreed at the LMNS that we can pilot the '**My Vision, My Choice, My Pregnancy**' and introduce this information leaflet to women. It will be added to the Better Birth Website and it is hoped that we can signpost this information tool to women from booking their pregnancy online via the online booking system and/or GP surgeries.
